Volume 31 *1978-1979*

AUTHORS

Alexander, Gordon J., "Optimal Mixed Security Portfolios with Restricted Borrowing." Fall. pp. 22-28.

Barry, Christopher B. and Radcliffe, Robert C., "Bayesian Modeling of Alternative Specifications in Portfolio Analysis." Spring/Summer. pp. 149–159.

Davis, Harry M. and Verbrugge, James A., "Structure and Performance in the Savings and Loan Industry." Fall. pp. 40-51.

Eldor, D., Shami, C. H., and Sudit, E. F., "Production-Cost Elasticities in Product and Factors Markets: The Case of Telecommunications." Winter. pp 84-89.

Epps, Thomas W., "Stochastic Dominance With Quadratic Utilities: A Weak Condition." Fall. pp. 70-73.

Ferri, Michael G., "The Interest Elasticity of Corporate Bond Supply: An Expectational Model." Winter. pp. 126-133.

Friedman, Philip, Berg, Sanford V., and Duncan, Jerome, "External vs. Internal Knowledge Acquisition: Joint Venture Activity and R & D Intensity." Winter, pp. 103-110.

Gallagher, Daniel G. and Hackleman, Edwin C., "Isoquants, Collective Bargaining, and Public School Resource Allocation." Spring/Summer. pp. 160–165.

Hagerman, Robert L. and Ruland, William, "The Accuracy of Management Forecasts and Forecasts of Simple Alternative Models. Spring/Summer. pp. 172–179.

Hawawini, Gabriel A. and Michel, Pierre A., "An Assessment of Risk in Thinner Markets: The Belgian Case." Spring/Summer. pp.196–201.

Herzig-Marx, Chayim, "Holding Company Affiliation and Long-Run Deposit Variability." Winter. pp. 111-118.

King, Thomas A., "Estimation of a Linear Expenditure System for the United States in 1973." Spring/Summer. pp. 190–195.

Kushman, John, Scheffler, Richard, Miners, Larry, and Mueller, Curt, "Nonsolo Dental Practice: Incentives and Returns to Size." Fall. pp. 29-39.

Link, Albert N., "Optimal Firm Size for R & D Innovations in Electric Utilities." Fall. pp. 52-56.

Longbrake, William A. and Peterson, Manferd, O., "Regional and Intra-Regional Variations in Mortgage Loan Rates." Winter. pp. 75-83.

Lovins, W. Gene, Johnson, Keith H., and Shannon, Donald S., "Effects of Differential Tax Rates on Realized Returns from Portfolios Formed Via Markowitz Allocation." Spring/Summer. pp. 208–212.

Lucas, R. F., "Empl›yment Under Fixed and Flexible Rates in a Small Open Economy: A Dynamic Investigation." Fall. pp. 2-10.

McCafferty, Stephen, "Wage Dispersion and Job Search Behavior." Spring/Summer. pp. 213–217.

McKenzie, Joseph A., "Direct Earnings and Induced Deposit Effects of Variable-Rate Mortgages." Spring/Summer. pp. 202–207.

Meyer, Robert A., "Cost Structures and Multifacility Capacity: Applications to Some Electric Energy Policy Issues." Fall. pp. 57-62.

Miller, Randall J., "The Dynamic Properties of a Two Region Model of the Regional Impact of Monetary Policy in the United States." Winter. pp. 90-102.

Ofek, Haim, "Indexation of Contractual and Regulated Prices: A Methodology of Microindexation." Winter. pp. 119-125.

Oppenheimer, Margaret, "Time as a Scarce Resource in Economic Planning." Spring/Summer. pp. 218–221.

Rudolph, Patricia M., "Some Industry Effects on the Balance Sheet Structure of Manufacturers: 1964-1975." Winter. pp. 138-144.

Scott, Robert Haney, "A Note on Rents, Royalties, Leases, and Cost-Plus Contracts." Winter. pp. 145-148.

Sealey, Jr., C. W., "Interest-Bearing Demand Deposits, Bank Cost and Economic Efficiency." Winter. pp. 134-137.

Sickles, Robin C. and Schmidt, Peter, "Simultaneous Equations Models With Truncated Dependent Variables: A Simultaneous Tobit Model." Fall. pp. 11-21.

Sickles, Robin C., Schmidt, Peter, and Witte, Ann D., "An Application of the Simultaneous Tobit Model: A Study of the Determinants of Criminal Recidivism." Spring/Summer. pp. 166–171.

Tapon, Francis, and Vander Weide, James, "Effectiveness of Regulation in the Electric Utility Industry." Spring/Summer. pp. 180–189.

Walker, Michael C. and Chandler, Gary G., "Equitable Allocation of Credit Union Net Revenues: A Goal Programming Approach." Fall. pp. 63-69.

ARTICLES

"A Note on Rents, Royalties, Leases, and Cost-Plus Contracts." Robert Haney Scott. Winter. pp. 145-148.

"An Application of the Simultaneous Tobit Model: A Study of the Determinants of Criminal Recidivism." Robin C. Sickles, Peter Schmidt, and Ann D. Witte. Spring/Summer. pp. 166–171.

"An Assessment of Risk in Thinner Markets: The Belgian Case." Gabriel A. Hawawini and Pierre A. Michel. Spring/Summer. pp. 196–201.

"Bayesian Modeling of Alternative Specifications in Portfolio Analysis." Christopher B. Barry and Robert C. Radcliffe. Spring/Summer. pp. 149–159.

"Cost Structures and Multifacility Capacity: Applications to Some Electric Energy Policy Issues." Robert A. Meyer. Fall. pp. 57-62.

"Direct Earnings and Induced Deposit Effects of Variable-Rate Mortgages." Joseph A. McKenzie. Spring/Summer. pp. 202–207.

"Effectiveness of Regulation in the Electric Utility Industry." Francis Tapon and James Vander Weide. Spring/Summer. pp. 180–189.
"Effects of Differential Tax Rates on Realized Returns from Portfolios Formed Via Markowitz Allocation." W. Gene Lovins, Keith H. Johnson, and Donald S. Shannon. Spring/Summer. pp. 208–212
"Employment Under Fixed and Flexible Rates in a Small Open Economy: A Dynamic Investigation." R. F. Lucas. Fall. pp 2-10.
"Equitable Allocation of Credit Union Net Revenues: A Goal Programming Approach." Michael C. Walker and Gary G. Chandler. Fall. pp. 63-69.
"Estimation of a Linear Expenditure System for the United States in 1973." Thomas A. King. Spring/Summer. pp. 190–195.
"External vs. Internal Knowledge Acquisition: Joint Venture Activitiy and R & D Intensity." Philip Friedman, Sanford V. Berg, and Jerome Duncan. Winter. pp. 103-110.
"Holding Company Affiliation and Long-Run Deposit Variability." Chayim Herzig-Marx. Winter. pp. 111-118.
